**MEDICAL EQUIPMENT, SUPPLIES AND
STORAGE SOLUTIONS**

Stevens-Moon & Associates was formed in October of 1994 when Denis Stevens and Fred Moon, with over 53 years of combined experience in the medical field, decided to go into business together. Currently, SMA's product portfolio includes patient positioning, radiation safety, storage solutions, patient warming, operating room equipment, sterile processing equipment, and more. Our goal at Stevens-Moon & Associates is to be the leading source in quality and service in the medical equipment industry.

Stevens-Moon Radiology is Dedicated to Quality and Customer Service at an Affordable Price. For over 25 years the RF Design staff has been passionate about making quality garments that last! RF Design became part of the Stevens-Moon Family in 2019 after a long relationship with Stevens-Moon as it's leading distributor. SMR offers fully customizable aprons with thousands of combinations and embroidery options.

PROTECTIVE MATERIALS

Bi-Layer Lead Free

Premium protection, ultra lightweight, superior durability, and environmentally friendly.

Ultra-Light Lead Free

Our standard lead free option is lightweight, durable, and environmentally friendly.

Light Lead

Quality and Value at its best! A lightweight core blend that is an excellent choice for durability and protection.

Protection Levels

Standard Aprons are 0.5mm in the front and 0.25mm in the back for Full Wrap and Vest and Skirt Aprons. Standard Frontal Aprons offer 0.5mm of protection in the Front. Optional 0.25mm and 0.35mm protection is available upon request, but please check local and state regulations before ordering.

(Note: Some patterns shown in catalog may be discontinued, please refer to QR code to see updated patterns)

FRONTAL APRONS

V400

Wide nylon panels cross in the back and Velcro to the front of the garment for quick and easy removal.

SMR-V400

Optional break-away shoulders available.

V400 Back

SB500

This popular front coverage apron has a six inch wide elastic belt which offers excellent back support and a high degree of comfort. A two inch shoulder strap is also standard for additional comfort and support.

SMR-SB500

SB500 Back

**Ask us about
adding a support
belt to your
apron!**

FRONTAL APRONS (CONT'D)

DA300

Designed for surgical settings, this apron has no arm holes, so releasing the Velcro allows it to drop away without breaking scrub. Drop-away shoulders are available on any of our front-protecting garments.

SMR-DA300

DA300 Back

B200

Wide back panels for comfort and support, this apron crosses in back and secures in front of the apron with two inch webbing and side release-buckles.

SMR-B200

B200 Back

EB600

The back panels of this garment have six inch elastic supports sewn in for added back support and comfort. A shoulder strap helps keep the apron secure in the shoulder area. Available in Velcro or buckle closure.

SMR-EB600

EB600 Back

EBB600
Buckle Style

VEST/SKIRT COMBINATIONS

Three vest styles are available: The Standard Vest (right) includes both Velcro and buckles for quick release and comfort. The Elas-T-Vest (below) features two elastic panels which cross in back and Velcro to the front of the apron. The Support Vest (below) features a wide six-inch belt which helps support the lower back and takes weight off the shoulders.

VS700

With this popular garment, weight is evenly distributed between the shoulders and hips for maximum comfort during long procedures.

SMR-VS700

VS1700

Offering additional support for your lower back as well as relieving weight on your shoulders, this vest features a six inch elasticized belt.

SMR-VS1700

VS2700

The quick-release functionality of this standard vest is built for comfort. The panels cross in the back and secure to the front of the apron. Requires Custom Measuring.

SMR-VS2700

VS700 Back

ONE PIECE WRAP AROUND

WA800

For the greatest protection, this traditional wrap style covers both front and back. A six inch elastic belt gives support to the lower back while taking weight off the shoulders. This garment secures with both Velcro and buckles for a secure closure.

SMR-WA800

WA800 Back

LW900 Back

LW900

This patented design affords a six inch wide elastic belt and overlapping back panels for full front and back coverage. It is quite popular because of the easy on-and-off feature that it offers. Requires Custom Measuring.

SMR-LW900

MW1000 Maternity

Matern-U-Wrap features added adjustability by providing extra Velcro at the shoulder and sides, allowing it to increase as the mother grows. Features a removable 0.5mm lead insert in abdominal area. Available in Regular and Large Sizes.

SMR-MW1000

ACCESSORIES

NEW!!!

Axillary Breast Shield

This breast shield is designed to protect breast tissue that extends into the underarm area. Extremely lightweight, comfortable, and customizable.

SMR-ABS

(L and R embroidered on each side to designate left and right side)

(Shown Worn Under Apron)

Stave-Lock Belt

Designed to be worn under lead for added back support and comfort. The eight inch plastic stave in the back and adjustable elastic make this product ideal for those with lower back discomfort.

Small	SMR-ST-1	30" – 34"
Medium	SMR-ST-2	35" – 41"
Large	SMR-ST-3	42" – 46"

SMR-CAP-01

Apron Transport Bag

A perfect way to transfer your lead apron! Comes with roller to make sure your apron fits perfect in the bag and does not wrinkle your apron.

Side Load Bag
SMR-BD-285

Top Load W/Zipper
SMR-BD-28Z

Apron Sleeves

Sleeves can be added to all of our aprons. They can be permanently sewn on or attached with button snaps to be removable.

SMR-SL-1

SMR-Cool PAX

SMR Cooling Gel Packs

Gel pack pockets can be sewn into apron or a separate vest can be worn underneath.

Radiation Protection Shin Guards

Designed to protect the lower legs from scatter radiation during medical imaging or interventional procedures. Has elastic straps to prevent guards from falling down.

SMR-SG

MULTI-SURFACE CLEANER AND DISINFECTING WIPES

Kills Bacteria & Viruses including SARS & Human Coronavirus. Bleach Free, Fragrance Free, Streak Free & Non-Scratch.

Easy to Use

Clean. Disinfect. Deodorize.

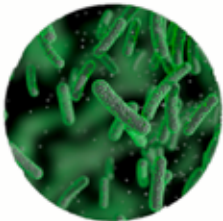

Clean

Spray on surface and rub down with clean cloth or towel to scrub off stains.

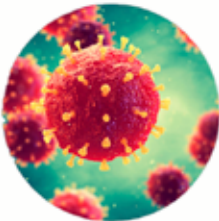

Disinfect and Deodorize

1. Spray to wet entire surface.
2. Let air dry.
3. If any wetness remains after 10 minutes, wipe dry.

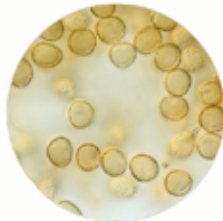

Specifically designed for X-Ray Aprons including vinyl, plastic, stainless steel, porcelain and other hard medical surfaces. Kills odor causing microorganisms. Effectively inhibits growth of mold and mildew.

GLOVES AND SHIELDS

Radiation Panoramic Face Mask

Lead-impregnated acrylic suspended from a dual adjustable headpiece. The shield can be positioned at any angle to the face to minimize scatter radiation. The front lens is equivalent to 0.12mm PbEq.

SMR-RG12-FM-PAN

Radiation Full Face Mask

Providing the same advantages as the panoramic style, but with coverage for the entire face and thyroid area.

SMR-RG12-FM-FULL

Porta-Shield

A sturdy mobile base makes this lead barrier easy to move. Custom sizing is available upon request.

ARM & HAND TABLES/ROLLER BOARDS

Free Standing #4300HT

Radiolucent 18" x 32" top is constructed of composite materials. Its extra stable base allows it to be moved easily and used anywhere in your facility. Height adjusts from 30" to 44"H using a simple, one-hand lever. Four locking casters keep the mobile unit secured in place.

Model #4700HT Under Pad Mount

Radiolucent 24" x 32" composite top mounts under your O.R. table or stretcher pad. The Quick Lock leg with one-turn height adjustment allows for fast set-up. Includes an opening for convenient wall storage.

Model #4800 Under Pad Mount

This model utilizes a 24" x 32" radiolucent, composite surface. A roller base with locking casters allows for quick under pad mounting on O.R. tables and stretchers. The Quick Lock leg, with one-turn height adjustment, allows for fast set-up. Includes an opening for convenient wall storage.

LOGIQUIP® LQS WIRE SHELVING

LogiQuip's Standard (LQS) line of Wire Shelving is anything but standard. With a wide variety of configurations available to meet any of your organizational needs, our LQS Wire Shelving Line is flexible enough to be used virtually anywhere within your facility for easy and efficient storage.

CARBON STEEL CORE & DOUBLE CHROME PLATING

Each Carbon Steel Shelf and Post is Double Chrome Plated. In addition to the smooth, bright finish that minimizes damage to stored items, Double Chrome Plating also helps to eliminate discoloration and peeling.

CUSTOMIZE YOUR SOLUTION

Available in a variety of sizes and options, you can choose from Flat Wire, Stainless Steel, Waterfall Edge, heavy duty Baskets, and Slide-Out Shelves to create the ideal solution for your unique needs.

ACCESSORIES

Choose from a variety of LQS Wire Shelving Accessories. Visit LogiQuip.com/wire-shelving for more details or request a full line catalog.

LOGIQUIP® FINE MESH BASKET SHELVING

STORE UP TO 40% MORE! LogiQuip's ParWire® Shelving, featuring a Fine Mesh Basket Shelf design, increases storage capacity by more than 40% while minimizing maintenance. These sturdy and durable basket shelves are available in various sizes allowing for customization for any environment. By combining our Fine Mesh Basket Shelving with lane dividers and our patented Kanban Flippers, you can create an efficient, inventory management system that helps reduce supply chain costs and eliminates stockouts.

FINE MESH BASKET DESIGN

With the traditional plastic Two-Bin System, dust and debris are trapped in the plastic Bins, and require regular cleaning to maintain. Our ParWire Basket Shelving design allows for dust and debris to fall through the shelf eliminating this step for a virtually maintenance free solution.

LEAN INVENTORY MANAGEMENT

Pair our ParWire Fine Mesh Basket Shelving with Lane Dividers and our patented Kanban Flippers to create Lean inventory management that helps reduce supply chain costs and eliminate stockouts.

STORE UP TO 40%* MORE

Our ParWire and ParWall Fine Mesh Basket Shelves, Dividers, and patented Kanban Dividers help to increase storage capacity by up to 40% by eliminating the need for the traditional plastic Two-Bin System. This system efficiently uses every inch of available space and allows for storage of even your smallest items.

PATENTED INTELLI-FLIP® SYSTEM

Upgrade to LogiQuip's patented Intelli-Flip System which provides intelligent, up-to-date inventory management designed to increase productivity while reducing labor costs.

Flat Wire Shelf Loaded With Traditional Plastic Bins

Parwire Fine Mesh Basket Shelf With Dividers & Kanban Flippers

LOGIQUIP® STAINLESS STEEL PRODUCTS

LogiQuip offers a complete line of **Stainless Steel** solutions built from durable 304 Stainless Steel with fully welded seams for a **clean, low-maintenance finish**. Our Case Carts, Casework Cabinets, Decontamination Sinks, Dri-Stor and Warming Cabinets, and Workstations support safe storage, transport, cleaning, and warming—helping healthcare teams deliver exceptional patient care.

CASE CARTS

Designed to protect sterile supplies in transit from central processing to the OR, **LogiQuip Case Carts** provide safe, durable, and efficient transportation. All Stainless Steel Bolted and Over-the-Road models feature full wrap-around bumpers, 6" Casters for easy maneuverability, and compatibility with height-adjustable shelving (sold separately).

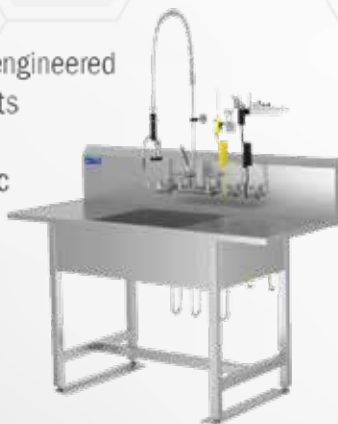

CASEWORK

LogiQuip's **Stainless Steel Casework Cabinets** offer flexible storage solutions built to your specifications. Choose from **BASE, TALL, or WALL-MOUNTED** designs with solid or glass fronts, optional locks, and the ability to integrate the **LogiCell®** System for increased storage density.

DECONTAMINATION SINKS

LogiQuip **Decontamination Sinks** are engineered to thoroughly clean surgical instruments while improving SPD/CSSD workflow. These Sinks provide a durable, hygienic workspace. Available in multiple configurations—including three electronic height-adjustable options—there's an ergonomic solution for every department.

DRI-STOR DRYING CABINETS

Improperly cleaned Endoscopes can lead to costly infections. LogiQuip's **Dri-Stor Scope and Probe Drying Cabinets** are AORN- and SGNA-compliant, constructed from durable 304 Stainless Steel, and use HEPA-filtered air to ensure complete internal and external drying. Add **EndoTrack** to manage scope access and hang time, helping support compliance and accountability.

WARMING CABINETS

Designed with patient comfort in mind, LogiQuip **W-Series Data Logging Blanket and Fluid Warming Cabinets** provide reliable, temperature-controlled storage. These spacious, easy-to-use Cabinets feature simple data logging with quick downloads that require no additional software.

WORKSTATIONS

LogiQuip **Height-Adjustable Workstations** create efficient, ergonomic workspaces with electric or hand-crank height adjustment. Electric models support up to 400 lbs., while hand-crank units support up to 150 lbs. Built with 304 Stainless Steel tabletops and uprights, these Workstations accommodate a wide range of accessories, including **ParWall™ Baskets and Shelves**.

LOGIQUIP® SERVICES TEAM

LET US DO THE HEAVY LIFTING!

With labor shortages and the ever-increasing demand to do more with less, the **LogiQuip Services Team** can help to decrease that burden with turnkey solutions to help ensure you have the supplies you need when you need them.

PROJECT MANAGEMENT

From our initial meeting with you through implementation, a LogiQuip Services Team member will be assigned as your Project Manager, working with you every step of the way. Your Project Manager will serve as your single point of contact during the project life cycle. Together we will develop and implement project milestones until the work is complete. Contact your Sales Representative or call **(800) 665-3760** for more information.

ON-SITE ANALYSIS

Working with your LogiQuip Representative, an on-site analysis will be done to ensure that the Project Manager has a complete understanding of your current environment. During our on-site analysis we will review your current state, identify gaps, and align on the goals of the project.

PLANNING

Using a mix of innovative products, lean principles, tried and true methods, and out-of-the-box thinking, LogiQuip will provide a holistic plan with turnkey solutions to minimize downtime while decreasing your storage footprint and increasing PAR levels.

INSTALLATION & CONVERSION

LogiQuip is dedicated to providing on-time delivery, efficient installation, and supply conversion to minimize down time and time on site to get you up and running as quickly as possible.

ONGOING SUPPORT

With the project complete, we want to help you sustain the changes that have been made. With Annual Inventory Reviews, Preventative Maintenance Plans, and Field Service for in warranty and out of warranty repairs, we have you covered to keep things running smoothly.

LOGIQUIP® MEDICAL STORAGE CARTS

Create a custom, high-density **Storage Cart** that can be used virtually anywhere within your facility. LogiQuip's secure **Medical Storage Carts (MSC)** allow you to custom-build your ideal storage solution from the outside in. With multiple sizes, security, and shelving options available, you can build the right product to meet your needs. For additional details visit LogiQuip.com/MedicalStorageCarts or contact your Representative.

FULLY CUSTOMIZABLE

Because every facility is different, LogiQuip's Medical Storage Carts are fully customizable, available in seven (7) sizes, and have up to three security options. Add our LQS Flat Wire and ParWire® Basket Shelving, Dividers, and Kanban Flippers for a tailored and efficient storage solution.

PARWIRE BASKET SHELVING

Increase the capacity of your LogiQuip Medical Storage Cart by up to 40%* with our ParWire Basket Shelving, Dividers, and Kanban Flippers. These chrome-plated Basket Shelves come in a variety of sizes. Compatible with LogiQuip's 1" round Posts, you can use a mix of ParWire Basket Shelving and LQS Wire Shelving for easy customization.

*Up to 40% space savings when comparing the 2436CH LQS Flat Shelf with two-bin system to PRRG2436 ParWire Basket Shelf with Fine Mesh Dividers.

LQS FLAT WIRE SHELVING

Add LogiQuip's LQS Flat Wire Shelving to these Medical Storage Carts for an efficient storage option. In addition to saving space, our LQS Wire Shelving and Posts begin with a carbon steel core that is double chrome-plated for strength and durability that lasts.

CABINET OPTIONS

LogiQuip Medical Storage Cart Cabinets are available in Laminate, Painted Steel, or Stainless Steel.

SECURITY OPTIONS

To maintain secure supplies and patient safety, our Medical Storage Carts provide a variety of lock options. Whether you choose Key Lock, eLock, or Proximity Lock you can be sure that stored items will be secure.

Laminate (Key Lock)

Painted Steel (eLock)

Stainless Steel (eLock)

LOGIQUIP® LOGICELL® CARTS

LogiCell System Storage Carts provide efficient enclosed storage to address safety and infection control concerns. The durable, versatile, and functional **LogiCell Carts** provide a unique Cell Panel along the inside walls that significantly increases storage capacity. With a variety of sizes, security options, and accessories, LogiCell is fully modular and can adapt to your needs as supplies, quantities, and processes change.

LOGICELL CELL PANEL

LogiCell's unique Cell Panel design allows Tubs, Wire Baskets, and Shelves to be placed straight in or at an angle making the LogiCell System incredibly efficient. In addition, Tubs, Wire Baskets, and Shelves can be extended 80% for maximum visibility of supplies.

DOOR OPTIONS

LogiCell Carts and Cabinets are available with Tambour or Hinged Glass Doors. Tambour Doors roll into a cassette helping to keep the door clean. Our Glass Doors are constructed with an aluminum frame and tempered glass insert, providing visibility to the supplies inside.

LOGICELL ACCESSORY KITS

LogiCell Accessory Kits with a mix of Wire Baskets, Clear Tubs, Metal Shelves, and Catheter Slides are available to easily customize your LogiCell Cart. If none of these pre-configured kits meet your needs, you can customize your cart with a mix of Wire Baskets, Tubs, Shelves, Catheter Slides, and Locking Drawers.

SECURITY OPTIONS

LogiCell Carts and Cabinets are available with a Key Lock or eLock (Electronic Keyless Lock) for controlled access supplies. RFID access is also available for hands-free access (custom orders).

Your Shield of Protection™

Health and safety are the most important focus for any workspace. As your company looks to provide a safer environment for staff and customers, consider aligning with **Nozin® Nasal Sanitizer® antiseptic** to help protect your workforce and boost confidence for everyone.

Think hand sanitizer for your nose.®

Nozin® Nasal Sanitizer® antiseptic is specially formulated to help clean and protect the skin at the entrance of your nose, a primary reservoir of germs.

- **Effective** – kills 99.99% of germs and is clinically proven to decrease nasal bacteria carriage
- **Fast acting** – the active ingredient is ethyl alcohol, a well-established, trusted, broad spectrum antiseptic
- **No antibiotics** – alcohol-based antiseptic
- **Pleasant** – experience a soothing, moisturizing feeling and a soft smell of citrus
- **Easy to use** – application is simple and convenient

NOZIN NOVASM IS POWERED BY BRAND LEADERS IN UNIVERSAL PATIENT NASAL DECOLONIZATION

- ✓ Independent clinical outcomes data published
- ✓ 17-year safety record
- ✓ Millions of users
- ✓ Fast, easy, pleasant application
- ✓ Patented Nozaseptin® formula:
 - Kills 99.99% of germs
- ✓ Proprietary Popswab® delivery system

The right tool for nasal colonization risk mitigation programs

Rechargeable for second nostril application

Evidence shows that nasal bacteria are a primary component in the spread of infection.

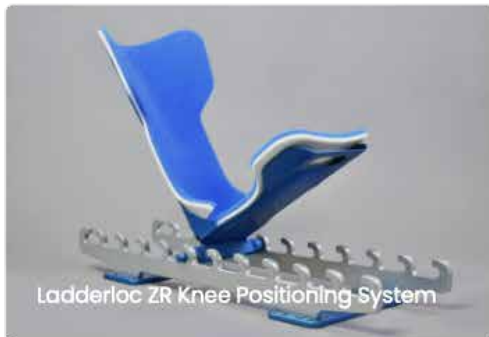

Proud member of

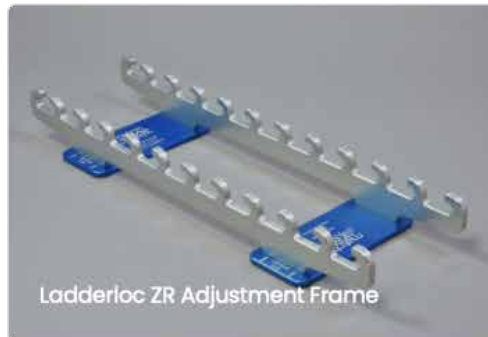

Engineered with the patient in mind.

Match Grade Medical is a pioneering surgical equipment company that specializes in improving the overall experience in the operating room. Our technologies are driven by a unique team of surgeons and engineers whose passion is to improve on the patient experience and develop better solutions to make surgeries more efficient and effective. We focus on simplicity, convenience and precision, making our products a step ahead for ease of use, ease of cleaning, and durability.

The WC77 Multiport Controller provides maximum versatility and efficiency for patient temperature management.

B103 Lower Body Warming Blanket

29.5" W x 38.75" L
(74.9 cm W x 98.4 cm L)

3.0 lb
(1.36 kg)

HotDog Warming Blankets are lightweight, flexible, and designed to meet all of your warming needs. The outer shell is a soft, non-porous urethane embedded with an anti-microbial agent that inhibits the growth of microorganisms—designed for easy cleaning. The semi-conductive fabric produces uniform heat output over the entire surface of the Blanket. Temperature is controlled from 37-43°C. The Blankets have a 2-year warranty and a 24-month expiry.

HotDog can help maintain normothermia for patients of all ages. See page 6 for our pediatric product offering.

B104 Full Body Warming Blanket

Warming Mattress + Return Electrode

HotDog Warming Mattresses + Return Electrode are a 2-in-1 solution for adult patients only. Compatible with most electrosurgical generators, they are easy to use and offer improved safety during medical procedures. Mattresses are lightweight for quick setup and eliminate the need for skin preparation. They can be used alongside tattoos, piercings, and implants without interference. Risk of burns from loose adhesive pads are eliminated. U5XX are environmentally friendly, reducing waste and pollution. With a lifetime of 2 years, they save both money and time compared to single-use pads. Additionally, they provide air-free, safe, conductive heat for patient warming.
