

2026 RADIOLOGY CATALOG

**RADIOLOGY EQUIPMENT, SUPPLIES
AND STORAGE SOLUTIONS**

Stevens-Moon Radiology is Dedicated to Quality and Customer Service at an Affordable Price. For over 25 years the RF Design staff has been passionate about making quality garments that last! RF Design became part of the Stevens-Moon Family in 2019 after a long relationship with Stevens-Moon as it's leading distributor. SMR offers fully customizable aprons with thousands of combinations and embroidery options.

PROTECTIVE MATERIALS

Bi-Layer Lead Free

Premium protection, ultra lightweight, superior durability, and environmentally friendly.

Ultra-Light Lead Free

Our standard lead free option is lightweight, durable, and environmentally friendly.

Light Lead

Quality and Value at its best! A lightweight core blend that is an excellent choice for durability and protection.

Protection Levels

Standard Aprons are 0.5mm in the front and 0.25mm in the back for Full Wrap and Vest and Skirt Aprons. Standard Frontal Aprons offer 0.5mm of protection in the Front. Optional 0.25mm and 0.35mm protection is available upon request, but please check local and state regulations before ordering.

FRONTAL APRONS

V400

Wide nylon panels cross in the back and Velcro to the front of the garment for quick and easy removal.

SMR-V400

Optional break-away shoulders available.

V400 Back

SB500

This popular front coverage apron has a six inch wide elastic belt which offers excellent back support and a high degree of comfort. A two inch shoulder strap is also standard for additional comfort and support.

SMR-SB500

SB500 Back

**Ask us about
adding a support
belt to your
apron!**

FRONTAL APRONS (CONT'D)

DA300

Designed for surgical settings, this apron has no arm holes, so releasing the Velcro allows it to drop away without breaking scrub. Drop-away shoulders are available on any of our front-protecting garments.

SMR-DA300

DA300 Back

B200

Wide back panels for comfort and support, this apron crosses in back and secures in front of the apron with two inch webbing and side release-buckles.

SMR-B200

B200 Back

EB600

The back panels of this garment have six inch elastic supports sewn in for added back support and comfort. A shoulder strap helps keep the apron secure in the shoulder area. Available in Velcro or buckle closure.

SMR-EB600

EB600 Back

EBB600
Buckle Style

VEST/SKIRT COMBINATIONS

Three vest styles are available: The Standard Vest (right) includes both Velcro and buckles for quick release and comfort. The Elas-T-Vest (below) features two elastic panels which cross in back and Velcro to the front of the apron. The Support Vest (below) features a wide six-inch belt which helps support the lower back and takes weight off the shoulders.

VS700

With this popular garment, weight is evenly distributed between the shoulders and hips for maximum comfort during long procedures.

SMR-VS700

VS1700

Offering additional support for your lower back as well as relieving weight on your shoulders, this vest features a six inch elasticized belt.

SMR-VS1700

VS2700

The quick-release functionality of this standard vest is built for comfort. The panels cross in the back and secure to the front of the apron. Requires Custom Measuring.

SMR-VS2700

VS700 Back

ONE PIECE WRAP AROUND

WA800

For the greatest protection, this traditional wrap style covers both front and back. A six inch elastic belt gives support to the lower back while taking weight off the shoulders. This garment secures with both Velcro and buckles for a secure closure.

SMR-WA800

WA800 Back

LW900 Back

LW900

This patented design affords a six inch wide elastic belt and overlapping back panels for full front and back coverage. It is quite popular because of the easy on-and-off feature that it offers. Requires Custom Measuring.

SMR-LW900

MW1000 Maternity

Matern-U-Wrap features added adjustability by providing extra Velcro at the shoulder and sides, allowing it to increase as the mother grows. Features a removable 0.5mm lead insert in abdominal area. Available in Regular and Large Sizes.

SMR-MW1000

ACCESSORIES

NEW!!!

Axillary Breast Shield

This breast shield is designed to protect breast tissue that extends into the underarm area. Extremely lightweight, comfortable, and customizable.

SMR-CAP-01

Apron Transport Bag

A perfect way to transfer your lead apron! Comes with roller to make sure your apron fits perfect in the bag and does not wrinkle your apron.

Side Load Bag
SMR-BD-285

Top Load W/Zipper
SMR-BD-28Z

Apron Sleeves

Sleeves can be added to all of our aprons. They can be permanently sewn on or attached with button snaps to be removable.

SMR-SL-1

SMR-Cool PAX

SMR Cooling Gel Packs

Gel pack pockets can be sewn into apron or a separate vest can be worn underneath.

Radiation Protection Shin Guards

Designed to protect the lower legs from scatter radiation during medical imaging or interventional procedures. Has elastic straps to prevent guards from falling down.

SMR-SG

RADIATION GLASSES AND GOGGLES

Stevens-Moon Radiology offers a complete line of radiation protection eyewear. Available in prescription and non-prescription lenses that fit into the latest frames where performance and style meet.

(Models/Colors Subject To Change)

MANY MORE MODELS AND COLORS NOT SHOWN!

Stevens-Moon Radiology also offers designer eyewear, including popular frames from RayBan, Nike, Oakley, and Wiley.

GLOVES AND SHIELDS

Radiation Panoramic Face Mask

Lead-impregnated acrylic suspended from a dual adjustable headpiece. The shield can be positioned at any angle to the face to minimize scatter radiation. The front lens is equivalent to 0.12mm PbEq.

SMR-RG12-FM-PAN

Radiation Full Face Mask

Providing the same advantages as the panoramic style, but with coverage for the entire face and thyroid area.

SMR-RG12-FM-FULL

Porta-Shield

A sturdy mobile base makes this lead barrier easy to move. Custom sizing is available upon request.
